To Our Friends in the Trade

THE good will of your customers means everything to you. It is the basis upon which you have built your business. In just the same way we value the good will of those who order from us.

To all our friends in the trade we extend our grateful thanks for the wonderful business we have been receiving.

This year we are in better position than ever to serve you. This 1932 edition of Burpee's Red List—our Wholesale Catalog for Seedsmen and Dealers—represents the finest line of seeds ever offered. We hope you will order liberally from it.

Quality Seeds Hold Your Customers

Your customers who buy seeds are glad they are dealing with a firm in which they may place implicit confidence. In looking forward to having the most delicious vegetables and the prettiest flowers, they rely upon you to supply them with the best seeds it is possible to grow.

You will find that the name of Burpee on a packet or package of seed at once inspires confidence in the minds of the customers, and they respect your good judgment in supplying these seeds to them. It means a greater business for you.

You can depend upon Quick Service from us. Our first concern always is that of promptness in filling each order, whether large or small. Our most careful attention is given to every detail.

May we hear from you soon with an order for your early spring requirements?

Faithfully yours,

David Burpee

Sweet Peas at Floradale Farms—the Waving Fields of Color Stretching Clear Across the Valley

“The Best Seeds That Can Be Grown” “Burpee’s Seeds Grow”

The ideals of the Burpee business since its beginning, fifty-six years ago, are embodied in the two well-known mottoes shown above. They represent our standard of dealing with the many customers who have made it possible for us to build up our mammoth business.

To be sure that the seeds we sell are “the best that can be grown,” many thousands of careful trials are made at our two mammoth Farms—Fordhook and Floradale. Our trial grounds provide unusual facilities for extensive growing and testing of seeds.

The Burpee Fordhook Farms, consisting of 800 acres, are located at Doylestown, Pa., 24 miles directly north of Philadelphia. Fordhook is famous as the largest and most complete trial grounds in America.

Our beautiful Floradale Farms are ideally located at Lompoc, California, where soil and climate combine to help produce in the varieties grown there, seeds that are healthier and hardier than could be produced elsewhere.

You are cordially invited to visit Burpee’s farms.

Our slogan, "**Burpee's Seeds Grow,**" is known to planters everywhere. These three little words convey the most important message that can be told to anyone planting a garden or a farm. Yet this slogan would have no value whatever were it not for the fact that it states the truth about Burpee's Seeds. No seedsman or dealer can hope to be truly successful unless the seeds he sells grow and are of choice quality. Every year more and more seed dealers buy from Burpee. They know that Burpee's Seeds give satisfaction and result in increased sales.

Burpee's Sweet Peas

Winners of many **Gold** and **Silver Medals, Certificates of Merit**, and other awards at the leading Flower Shows. Burpee's Sweet Peas are world-famous. They are grown on Burpee's Floradale Farms in California, where the soil and climate are ideal to produce plump, heavy, and virile seed.

Early or Winter-Flowering Varieties

Many of these splendid Sweet Peas were introduced by Burpee. They are valuable to florists for greenhouse culture and are also adaptable to outdoor planting in warmer climates, such as certain sections of our own southern states, Australia, and South Africa. In cooler climates they are of value because they bloom a week to ten days earlier.

A view of the formal gardens on Burpee's Fordhook Farms where Fordhook Finest Lawn Grass Seed has been used

6145 *Burpee's Fordhook Finest Lawn Grass Seed*

Fordhook Finest is unsurpassed for making a smooth, green, velvety lawn. The various grasses which compose this well-balanced blend are fine bladed and deep rooting, sure to produce the best results under average conditions of soil and climate met with in America.

Fordhook Finest weighs **25 to 27 pounds** per measured bushel. A small quantity of white clover is included to help thicken the bottom of the sod. Sow one pound for a plot 10 x 20 feet (200 square feet); 150 to 200 pounds of seed are required to sow one acre.

Lb. 30¢; 5 lbs. 28¢ per lb.; 10 lbs. 26¢ per lb.;
25 lbs. 25¢ per lb.; 100 lbs. 24¢ per lb.

6152 Permagreen

A splendid mixture that will give a deep emerald-green sod of velvety texture. While it is less expensive than Burpee's Fordhook Finest offered above, we know, however, that it will make a lawn beautiful and enduring—the kind that will please the average home gardener. It is free from weed seeds and contains good grasses only. Lb. 22¢; 5 lbs. 20¢ per lb.; 10 lbs. 18¢ per lb.; 25 lbs. 17¢ per lb.; 100 lbs. 16¢ per lb.

6149 Shady Nook

A specially prepared mixture suited for planting under shade trees or in shaded corners which receive but little sunlight, and where the general mixtures usually fail to thrive. Shady Nook is composed of choice clean seed of the finest and most costly grasses adapted to shady locations. It makes a close, thick turf. Sow one pound for 200 square feet. Lb. 32¢; 5 lbs. 30¢ per lb.; 10 lbs. 28¢ per lb.; 25 lbs. 27¢ per lb.; 100 lbs. 26¢ per lb.

6144 Terrace Sod

Terraces and embankments require a special mixture of grasses which are deep rooted, or have strong, spreading roots to hold the soil firmly and prevent it from washing away during heavy rains. Burpee's Terrace Sod will produce a rich, velvety lawn of bright emerald-green appearance throughout the season. Sow one pound to 200 square feet. Lb. 28¢; 5 lbs. 26¢ per lb.; 10 lbs. 24¢ per lb.; 25 lbs. 23¢ per lb.; 100 lbs. 22¢ per lb.

6146 Sunny South Lawn

A special mixture of grass suited for southern lawns where the general mixtures usually fail to give good results. With good care and regular watering this blend will make a beautiful lawn even in very hot and dry locations. Sow one pound to 200 square feet, or 150 pounds per acre. Lb. 24¢; 5 lbs. 22¢ per lb.; 10 lbs. 20¢ per lb.; 25 lbs. 19¢ per lb.; 100 lbs. 18¢ per lb.

6147 Golf Links

Only fine-bladed grasses which will withstand frequent close cutting and heavy trampling are used in this mixture. Particularly suited for fairways. It is free from weed seed and contains no White Clover. Sow 150 pounds per acre. Lb. 27¢; 5 lbs. 25¢ per lb.; 10 lbs. 23¢ per lb.; 25 lbs. 22¢ per lb.; 100 lbs. 21¢ per lb.

The seed offered is of the highest grade and sure to give satisfactory results. Lb. \$1.10; 5 lbs. \$1.05 per lb.; 10 lbs. \$1.00 per lb.; 25 lbs. 97¢ per lb.; 100 lbs. 95¢ per lb.

Flowering Bulbs and Roots

At prices listed, all bulbs and roots will be sent at customer's expense, as they are quoted f. o. b. Philadelphia.

All bulbs and roots offered by us are strong and healthy and should produce, with proper care, satisfactory results. Where size is a factor in purchasing bulbs, we have given it. It is understood that the size given was the measurement at digging time and which will, very often, be slightly less as the season advances, due to shrinkage in maturing. The size given is for diameter of bulbs unless specified "cir." which means "circumference."

Bulbs and Roots require special packing, and are, therefore, sent separate from seeds if both are on the same order.

Time of Shipment

Unless instructed to the contrary when ordering during the winter months, we will ship Bulbs and Roots as follows:

Amaryllis, Begonias, Calla Lilies, Gladiolus, and all other such bulbs as can be kept in dormant condition in a dry, cool but free from frost place until planting time, are sent on receipt of order.

Dahlia roots are booked for delivery after danger of their being injured by cold weather in transit is past. Shipment, however, can be made at any time that roots may be in stock if you specify date wanted when ordering.

Burpee's New Dahlia

8093 ATLANTIC CITY

Offered for the first time—a strikingly handsome prize-winner. With its startling beauty, it combines a sturdiness and vigor that will make it a favorite with gardeners. “Atlantic City” is a Formal Decorative Dahlia with gorgeous flowers of a very rich golden autumn shade. Its amber-gold is intensified with orange, salmon, and a touch of bronze. A color beautiful in itself and blending readily with any others. Flowers measure five to seven inches across. Their keeping quality is remarkable, cut flowers lasting from four to six days. The plant grows $3\frac{1}{2}$ to 4 feet high, of strong, upright growth, requiring no staking. Never troubled by leaf-hopper, thrips, or any other Dahlia pest or disease. “Atlantic City” is a most profuse and early bloomer, flowering from mid-July until frost. We have cut 37 flowers from one plant.

“Atlantic City” was awarded first prize in the Open-to-all section for the best vase of 25 blooms in several shows in which it was exhibited, as well as a Certificate of Merit.

One root, \$2.35; Three roots, \$6.35

Burpee's Dahlias

Our list of Dahlias has been chosen most carefully and includes all the best standard and newer varieties. Our extensive trials, including a vast number of varieties from many sources, enable us to select those of outstanding value. For complete descriptions of these varieties, refer to Burpee's Annual for 1932, pages 145-149.

Prices quoted are for **strong root divisions**, which should give entire satisfaction. We do not supply plants of Dahlias. We do not ship Dahlia roots until all danger of their being injured by cold weather in transit is past, unless ordered to do so, and then only at customer's risk.
